Remote Job & Part-Time Job Fair

Tuesday, June 8th, 2021

10am – 2pm

For more information or to register for the events go to <https://returnstrongmo.easyvirtualfair.com/>To register: · Visit <https://returnstrongmo.easyvirtualfair.com/> and click "Register Now"

- Create an account by entering your information, include a username and password
- Once your account is created, you will have the opportunity to edit your profile, including uploading your photo and resume, and changing the event dates you wish to attend. · On the day of the event, return to the <https://returnstrongmo.easyvirtualfair.com/> website and log onto the Virtual Job Fair.

How the virtual job fair works:

- Our team will email you a reminder leading up to the event.
- This virtual platform must be accessed via the internet, either by a mobile device, computer or tablet. You cannot just dial in - you must have access to the screen.
- Chrome is the preferred browser for optimum readability.
- Employers will be featured on the virtual job fair site in booths. Their open positions and other information about their company will be available for you to browse.
- You will use the virtual job fair site to chat with employers from their booths.
- Employers may provide an overview of their company and share details about their open positions. You can use the chat box in the virtual meeting software to ask questions.
- You may enter and exit chat room meetings at any time.

How to Get Connected with BJC HealthCare:

1. If you have a client interested in one of our roles and can successfully pass a nicotine and tobacco screen, please have him/her/they complete our **BJC Talent Network form** to be connected with a member of our Talent Acquisition Team. Please ensure your client uploads a resume so we can sufficiently match his/her/they with positions that will be a good fit.
2. By filling out this form it notifies our Talent Acquisition team that your client has been referred to BJC through one of our community partnerships. This ensures a more streamlined approach for him/her/they to get the best possible service. After we receive the Talent Network form, a member of our team will reach out to schedule a phone screen with your client to discuss interests and qualifications.

Pre-Apprentice Tactical Training Program (PATTS)

A first-of-its-kind program will help beginners develop the skills they need to launch a career in carpentry, and it was just awarded nearly \$100,000 by the state of Missouri. The Pre-Apprentice Tactical Training Program (PATTS) will teach potential carpenters the basic skills they need to start a career as apprentice carpenters.

Join our program here www.carpdc.org/careers

Cyber Security Paid Internship with BJC HealthCare

[BJC HealthCare](#) has an exciting paid internship opportunity for students studying Information Technology with a special interest in Cybersecurity. This internship is part of our [BJC Career Development Intern Program \(CDIP\)](#). BJC DIP will support the pipeline initiatives of BJC Healthcare. We have a variety of paid internships for both undergraduate and graduate students. Most internship assignments are project-based. As an intern in the career development program students can expect to work part-time during the school year and full-time during the summer. Students must be enrolled in a degreed program - preference given to students who have completed at a minimum, freshmen year.

Students will have exposure to a variety of professional experiences:

- Professional development training and workshops
- Extensive networking opportunities
- Interaction with senior leaders
- A dedicated support network

If you're interested, please apply at <https://jobs.bjc.org/jobs?keywords=Intern%20-%20IT%20Cybersecurity&sortBy=relevance&page=1>

Power Skills Bootcamp: Information Technology (IT)

This three-week full-time training program (M-F 9am – 4pm) is designed to prepare students for technology driven jobs in the local labor market. Participants will gain a range of technical and soft skills:

- Microsoft Office Specialist (MOS) 2016 Excel Certification
- PC fundamentals
- Cybersecurity and cybersecurity fundamentals
- Career and professional planning

The program is grant funded so there is no cost for individuals to participate.

The next class will begin on May 15, 2021 with a capacity of 35 students in the class. Due to COVID—19 the program is completely online.

For more information go to <https://stlcc.edu/programs-academics/accelerated-job-training/power-skills-bootcamp.aspx> or contact Lesley English-Abram at labram@stlcc.edu or 314/644-9308

Launchcode LC101

LaunchCode's LC101 program is an introduction to computer programming course with a curriculum focused on building full-stack web developers, covering highly demanded languages and frameworks like JavaScript, Angular, Java, and Spring Boot. LC101 is an intensive, 20-week program designed to train students with skills they need to seek an apprenticeship and ultimately a career in technology.

Paraquad is in the process of partnering with LaunchCode again to increase their outreach to persons with disabilities. If you know someone who loves technology please have them email their resume to Bonnie Forker (bforcker@paraquad.org) and register for the class on the following link:

LaunchCode IT Programmer Training and Apprenticeship Program

FREE tech education and job-readiness training. Qualified individuals are matched with an apprenticeship at one of our employer partners who need tech talent, ranging from Fortune 500 companies to fresh new start-ups.

For more information go to <https://www.launchcode.org/>

CoderGirl IT Training Program

CoderGirl is LaunchCode's education program designed to engage and educate women in the technology community in St. Louis. The program begins with a 24-week or 40-week specialized track designed to equip CoderGirls with technical skills and job-readiness skills, leading up to our apprenticeship job program. With professional mentors from companies who've hired CoderGirl grads like Asynchrony and World Wide Technology, you'll get the training and support you need to launch a successful career in technology.

For more information go to <https://www.launchcode.org/codergirl>

CyberUP Cyber Security Apprenticeship Program

CyberUp's LevelUp Course trains candidates in foundational IT concepts and in-depth cybersecurity best practices. The combination of technical, soft, and critical thinking skills training prepares you for the rigor of an in-demand cybersecurity role. CyberUp connects ambitious job seekers with opportunities to earn well-paying jobs in cybersecurity through a unique apprenticeship model. There are three tracks for candidates: **Pre-apprenticeship program** for those in need of further development of their workforce readiness skills, **Level 1** course for those with some career experience, and **Level 2** course for those already possessing some IT job experience or training.

Health Profession Opportunity Grant (HPOG)

FREE training for entry-level positions in nursing, pharmacy, emergency medicine and other healthcare professions

The Health Profession Opportunity Grant (HPOG) apprenticeship program is designed specifically to help low-income individuals St. Louis City and County residents, including but not limited to TANF/Missouri Work Assistance recipients, receive training for healthcare occupations. A total of 159 eligible applicants will be selected by lottery to participate in this training opportunity each year. For those selected, SLATE will provide funding for tuition, on-the-job training, books and supplies, as well as supportive services, such as child care and transportation for healthcare positions including those listed below. Not all eligible applicants will be selected to participate; the process is by computer selection and is completely random. The HPOG apprenticeship program will train workers in healthcare occupations including:

Certified Nursing Assistants

Phlebotomy

Dental Assistants

Home Health Aids

Pharmacy Technicians

Medical Assistants

Personal Care Technicians

EMT/Paramedics

Registered Nurse

For more information or to begin the qualification process contact HPOG grant managers at SLATE:

Hydromat Apprenticeship Program

This apprenticeship program will expose candidates to all fundamental areas of **milling, turning, grinding, and advanced CNC applications**. Participants will have the opportunity to train in a **6000-hour program** focused on achieving a Journeyman Machinist card (fully accredited by the DOL and NTMA) and earn NIMS credentials for Machining Level I & II. During the apprenticeship program participants will learn proficient operations of **milling machines (manual and CNC), lathes (manual and CNC), grinding, CMM operation and programming, heat treat, basic engineering techniques, fundamental electrical knowledge, basic electronics, quality assurance, welding, fabrication, paint, mechanical assembly, and customer service operations** associated with the Hydromat machines. Participation as a team member focused on process and production improvement goals is mandatory. **Basic hand tool use, blueprint reading, computer design programs, fundamental tool making, inspection, machine maintenance, and mechanical drafting** are intricate parts of the overall apprenticeship program curriculum.

To qualify for a position in Hydromat's apprenticeship program you need a strong work ethic, high school diploma / equivalent, and NIMS level I credentials or equivalent basic machining knowledge.

For more information go to <https://hydromat.com/company/hydromat-apprenticeship-program>

More Than Carpentry Christian Ministries (MTC)

MTC works in partnership with Classic Cabinet Company in its Apprenticeship Program. As employees of Classic Cabinet, apprentices learn the trade of carpentry on-the-job while earning wages. MTC sponsors the mentoring and text-book style learning that occurs off the job. This Biblical model allows apprentices to practice newly acquired carpentry skills under the direct supervision of qualified carpenters while working on real-time projects. The whole person is developed while they are mentored and guided through life skills coaching, personal financial management, critical thinking, and Bible Study. Upon completion of the four-year apprenticeship, a Journeyman Certificate is issued from the Dept. of Labor Office of Apprenticeship. **If interested in applying go to <https://morethancarpentry.org/>**
